

Pegasus
LOGISTICS

WORLD TRADING COMPANY

BRAZILIAN FRESH PRODUCE TO THE WORLD

Our Fresh Produce Promise

Pegasus Logistics & World Trading – Provides to Brazilian customers and partners perishable shipping sales and capacity at a global scale. We believe we are an extension of the growers, farmers, exporters, importers & distributors.

We facilitate all bureaucratic procedures inside at the Seaports and Airports taking care of your shipment end to end.

This presentation contains data and information, shared only for clients and partners for internal use.

We trust these will be a good guideline to get a better understanding of Brazilian products and their geographical & main destinations...

Products like flowers, pharma, fish & meat have not been added in this list due side presentation for more specific details.

Please do not hesitate to contact us!

Thank you.

AGRI Tech

Our passion, commitment & dedication to our customers is to provide the best service in Logistics Solutions related to perishables, Pharma & food industry.

We use specialized know-how, 24/7 customer experience, people expertise, state of the art facilities, technology and best practice of innovation. ***“We only ship Perishables & Pharma”***, we are what we do, ***“Specialist on this Segment”***

We are located in Brazil - City of Valinhos, state of São Paulo, just 20 minutes away from Viracopos (VCP) Int’l Airport, 1h30min away from Guarulhos (GRU) Int’l Airport and 2h45min away from Santos Sea port. Also we count with our own backup office in United States of America located in the city of Pompano Beach, Florida, just 45 minutes away from Miami (MIA) Int’l Airport to assist with your cargo reception, clearance, storage & dispatch.

**WHO
WE
ARE**

Our Services

❑ **International Freight Forwarding** - We take care of your cargo, whether by air, sea and / or road. For that, we work with extremely qualified professionals, in addition to a modern data management system, high quality structure and partners at the main airports in Brazil and the world, which make us able to transport your cargo efficiently and quickly regardless of the point of departure. collection of its origin or destination.

❑ **Trading** - We provide trading services if you want to develop international business. Feasibility analysis, Prospecting & Negotiation, study to open new markets, assistance in issuing RADAR with the exporter.

❑ **ROAD TRANSPORT** - To further integrate your transport demands and offer complete Door to Door solutions, we offer the National road transport service, being able to collect and deliver your cargo anywhere in the country. We have a fleet equipped with trucks, capable of transporting all types of goods (including refrigerated) with safety, agility and flexibility of routes.

❑ **SEA TRANSPORT** - It is an effective and economical solution for the transport of cargo and non-urgent orders. The shipment of orders by ship can be done in shared or exclusive containers, called LCL or LCL transport, serving not only dry cargo in general, but also the sending of perishable and pharmaceutical products in refrigerated containers.

❑ **CUSTOMS BROKERAGE** - We take care of the entire customs process for our customers, making sure that the documentation related to their cargo is in order before loading or before unloading, ensuring agility and tranquility in the customs process in different Brazilian ports and / or airports, minimizing delays, errors and extra costs.

❑ **AIR TRANSPORT** - We work with all airlines in mutual partnership at all Brazilian airports. Whether cargo or commercial airplanes, we are able to meet the needs of our customers regardless of their destination. Counting on this partnership over the years we managed to build a great relationship, today we have daily, consolidated shipments and contracts with differentiated freight compared to the market.

Facts
